The Petitioner, India Power Corporation Limited (Formerly DPSC Limited) most respectfully submits:

The Hon'ble Commission vide letter Ref. No. WBERC/APR-67/17-18/757 dated 25.06.2021 directed the petitioner to submit certain documents/information. The petitioner hereby submits the following in seriatim as part of its submission under FPPCA & APR Petition for the year 2015-16.

1. In page 12 of the auditors' certificate (Annexure 1.2 of Annexure II), fuel cost amounting to Rs. 1732.67 Lakhs has been shown as fuel cost on actual basis. However, as per page 91 of Annexure I (Annual Accounts), fuel cost in P&L statement is Rs. 1733.95 Lakhs. Please clarify the discrepancies.

IPCL Reply:

It is humbly submitted that in the page 91 of Annexure I (Annual Accounts), fuel cost also includes coal sampling analysis cost of around Rs. 1.30 Lakhs, which is not considered in coal cost in page 12 of the auditors' certificate (Annexure 1.2 of Annexure II), hence the difference.

2. In page 14 of Annexure II (Statement of Coal received alongwith GCV analysis during the period April-15 to March-16), transaction wise details furnished are not adequate to determine costs in terms of Section 5.8 (5.8.2 to 5.8.4) of the Regulations. Please furnish the data in the format specified in Form D1, D2 and D3 of the Tariff Regulations, 2011 as existing on the date of submission of the Petition. Further, please furnish:
 - a) documentary proof of billed grade consistent with underlying e-Auction of CIL, and
 - b) documentary proof of basis of the heat value furnished for each transaction.

IPCL Reply:

The Applicant humbly submits that the requisite documents alongwith Form D1, D2 and D3 will be submitted separately in subsequent submission.

3. Please provide the grade of coal for which orders were placed against each purchase order of coal. In case of procurement of Coal through e-auction directly or by any agent (like Syambhu Natural Resources Pvt. Ltd), IPCL may provide the details of grade committed in the e-auction bidding document. In case of grade variation, please clarify the action taken, along with supporting documents including of claim of compensation, if any.

IPCL Reply:

The relevant grade details committed by different vendors/e-auction process are mentioned in the relevant PO copies being submitted herewith before the Hon'ble Commission as **Appendix - 1**. The petitioner humbly submits that, there was no instance of grade variation observed in coal procurement process with reference to the PO/ sale agreement as applicable, however for shortfall in quantity appropriate actions has been taken by IPCL as per agreements.

4. Please confirm whether the Actual GCV mentioned in the 8th column with column heading "Actual GCV (Kcal/Kg)" in the table in page 14 in the Auditor Certificate (Statement of Coal received along with GCV analysis during the period April-15 to March-16) is corresponding to sample analysis as referred in 7th column with heading of "Date of Sample Analysis" of the said table. Please provide the details of testing done along with documentary proof for each

sample. Further, please clarify whether such test is done in NABL accredited Laboratory along with details of laboratory. If such test is done as per terms and condition of coal purchase order, then relevant clauses may also please be referred.

IPCL Reply:

The Petitioner hereby confirms that the Actual GCV mentioned in the 8th column with column heading "Actual GCV (Kcal/Kg)" in the table in page 14 in the Auditor Certificate (Statement of Coal received along with GCV analysis during the period April-15 to March-16) is corresponding to sample analysis as referred in 7th column with heading of "Date of Sample Analysis" of the said table.

The certificates indicating the documentary proof of testing of collected samples is attached as **Appendix-2**.

5. In pursuance to submitted FPPCA application of 2015-16, please clarify the selection process adopted along with documents proof like LOA/agreement/tender/ approval note for selection of following vendors for the coal procurement process:

- a. SBC Minerals Private Limited
- b. Tata steel
- c. Anand Carbo

IPCL Reply:

The process alongwith documentary proof like LOA/agreement/tender/approval note for selection of Vendors mentioned in 5(a, b & c) are annexed here as **Appendix-3**.

6. It is not clear from the documents whether IPCL has made the advertisements in pursuance of Regulation 3.5 of West Bengal Electricity Regulatory Commission (Cogeneration and Generation of Electricity from Renewable Sources of Energy) Regulations, 2013 which is necessary for fulfilment of Renewable Purchase Obligation (RPO) clause for the year concerned. Therefore, please submit copies of advertisements and also provide documentary proof that IPCL has established RPO with such advertisement.

IPCL Reply:

The requisite copy of advertisement published in Indian Express & Business Standard on 24.07.2015 and Aajkaal on 25.07.2015 are annexed here as **Appendix-4**. No offer was received in response to the advertisement.

IPCL could fulfil only partial RPO target with the help of its existing Long Term 2MW PPA solar power from WBGEDCL.

7. In Pages 9 and 10 (Para 34) of the APR petition, IPCL has stated that the water charges claimed in the APR includes water consumption of related offices and colonies surrounding the generation plant. Please provide the breakup of water consumption for generation purpose and such consumption under A&G head separately.

IPCL Reply:

The breakup of water consumption for generation purpose and such consumption under A&G head is indicated in the table below:

Table 2: Breakup of Water Consumption during FY2015-16

	Total Water withdrawal (approx)	Industrial (Plant) Consumption (approx)	Others* Consumption (approx)
Quantity in KL	70272000	61136640	9135360

*Others include consumption for colony, CSR, Local Tribal village & ECL guesthouse

8. IPCL has not submitted break up of Legal expenses in distribution and generation function under the APR petition for 2015-16. Please submit the segregation of legal expenses between distribution and generation activities.

IPCL Reply:

The Petitioner humbly submits that the litigations/legal assignments are directly undertaken at Head Office level, therefore, the legal expenses are captured under Centrally Maintained expenses. DPS (new) and distribution segment being integrated, it is usually very difficult to identify the exact legal expenses involved for generation segment & distribution segment in separately in common litigations. Therefore, the centrally maintained expenses have been allocated between Generation and Distribution segment in the proportion of % share of own generation in Gross Energy input to the system and % share of power purchased in the Total Energy handled by Distribution system. The petitioner hereby submits the segregation of legal & professional charges paid between distribution and generation activities during FY2015-16 as indicated in table below.

Table 3: Segregation of Legal Expenses during FY2015-16

	Total Expenses	DPS(New)	Distribution
Legal Expenses in Rs Lakhs	166.67	7.20	159.47
Consultancy charges in Rs Lakhs	175.30	1.22	174.08
Total Legal & Professional Charges	341.97	8.42	333.55

9. IPCL has shown insurance premium of Rs 28.71 lakhs in form 1.17(f) of APR Petition. Regarding this, please provide the list of the insurance policy/policies with detail of coverage area (in addition to what has been given in form 1.17(f), insured amount and Insurance premium. Also, please submit documents to establish that such insurance is done through a transparent process in terms of regulation 5.14.3 and 5.23 of Tariff Regulations.

IPCL Reply:

The petitioner humbly submits that the insurance policies for FY2015-16 are in continuation of 2014-15 existing policies. However, there is some revision in the premium amount based on market corrections. It is humbly prayed before the Hon'ble Commission that the relevant documentary details regarding list of payment vouchers, comparative sheets approved by internal management regarding last year's premium amount, insurance policy/policies with detail of coverage area, insured amount and insurance premium may be allowed to be submitted through subsequent submission. The selection of insurance providers is based on transparent process of inviting quotations and selection among them through evaluation and internal approval in line with the compliance requirements under applicable regulations.

10. In Form 'C' - Statement of Loans and Calculation of Interest thereon for the year 2015-16 (Actuals) of APR Petition, IPCL has shown Rs 6432.01 lakhs as interest under term loan and in Form E(B), IPCL has claimed Rs 2620.92 lakhs as interest on capital loan. Among the long-term loan, there are loans for which remarks indicate that such loans were drawn for Working Capital/other than capital purpose (Ratnakar Bank Term loans I & II & Axis Bank OD A/c). Further, there are loans which have been drawn for Distribution as well as Generation purpose. Please provide a reconciliation of the amount claimed as per Form E(B) and amount as per Form C indicating therein loan wise breakup of claims made for generation business and distribution business along with description whether such loan is for capital account purpose or working capital for operational purpose.

IPCL Reply:

The Applicant humbly submits that the requisite details will be submitted separately in subsequent submission.

11. Please furnish the opening balances, closing balances and addition of number of consumers, Distribution line length and number of transformers for the year 2015-16.

IPCL Reply:

The opening balances (i.e. closing balances of 2014-15), closing balances and addition of number of consumers, line length and number of transformers for the year 2015-16 are attached as Appendix- 5.

12. Please submit the Form 1.12 for Expenditure for Generation, Form 1.17 for Centrally Maintained Expenses segregating the same for expenses under the head of Generation and Distribution head and Form 1.27 as per Annex-1 of Tariff Regulations which will be required to differentiate between the cost of wheeling and sale activity business (with sub-heads for wheeling expenses and sale activity).

IPCL Reply:

The relevant applicable forms 1.12, 1.17 and 1.27 are attached as Appendix-6.

13. Pursuant to the Commission's directives, please provide breakup of employee cost with number of employees engaged in different functions reconciling the same with data in Form 1.17 (h) submitted with APR application.

IPCL Reply:

The Petitioner humbly submits the breakup of employee cost with number of employees engaged in different functions during FY2015-16 as indicated in the table below:

Table 4: Breakup of employee cost and manpower during FY2015-16

S.No.	Particulars	FY2015-16 at ACTUALS as indicated in Form 1.17(h)				
		Generation	Distribution	Centrally Maintained	Director's fee & Commission	TOTAL
A	Own Employee Cost	218.02	1646.56	1759.56	57.64	3681.78

C	Total Manpower	39	411	242		692

PRAYER:

In view of the lockdown imposed due to COVID-19 pandemic, and non-availability of relevant personnel on health grounds, the Applicant has not been able to reply /provide relevant documents in respect of query nos. 2, 9 and 10.

It is humbly prayed before the Hon'ble Commission that 30 days time may be granted for providing reply to the aforesaid queries.

Note for Approval of quality of coal

We have procured reject coal of 5 rakes from 31-5-2015 to 9-6 2015 from Monnet coal washery by PO No 4/52 supplied by M/s Anand Carbo Pvt Ltd. For coal sampling and analysis we have engaged Inspectorate Griffith as third party agency as per the terms of the contract.

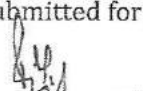

The said party has engaged their representative for collection of samples and collected the samples for all rakes. But on 3-6-2015 due to some miscommunications the IG representative did not reach as per the schedule and by the time he reached about 40% of coal was delivered in to the yard. Pay loaded was in operation and coal was getting mixed with previous lot of coal. He could not take the stock sample also.

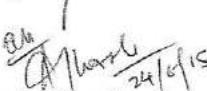

PO No	52/5	52/4	52/3	52/2	52/1	
Coal Source	Monnet	Monnet	Monnet	Monnet	Monnet	Avg 1,2,4&5
Date of receipt	09-06-2015	05-06-2015	03-06-2015	2-6-2015	31-05-2015	
Handling agent	Anand Carbo	Anand Carbo	Anand Carbo	Anand Carbo	Anand Carbo	
GCV (Third Party)	2599	2500	2725	2575	2599.75
DPS lab GCV	2545	2541	2486	2695	2480	2565.25
Received Tons	3922.65	3887.3	3887.3	3648.9	3648.9	

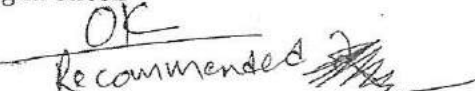

These five rakes have been supplied in close succession and as observed by the reports the quality of each rake given by third party as well as DPS lab is very close to each other.

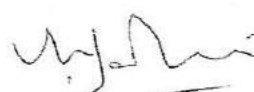

To resolve the issue in justified way, it is proposed to pay the coal bill of third rake of PO no 4/52 on the average value of GCV of the four other rakes certified by Inspectorate Griffith i.e. for 2600Kcals/Kg.

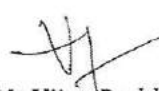

Submitted for approval please.

Approval Note for Procurement Coal

Ministry of coal has reduced coal quantity sold through e-auction from 10% of CIL production to 5% from May 2014. There was no availability of coal in the market by rake mode in e-auction. The prices of coal by road were very high i.e. more than 1.60/GCV.

The prices of coal sold in local market went high and we were forced to buy coal at price as high as Rs 1.38/GCV.

In the month of Jan 2015, the quantities in e-auction increased by CIL to 7% and in the recent past few rakes of coal were sold from Salanpur siding in the month of Feb 2015.

We will make efforts to bid for coal from Salanpur by rake mode in the next bidding.

We have been continuously requesting Tata Steel for reject coal supply, because of their low price but they are not in a position to supply because of their own constraints.

In the recent past, we have procured coal/coal fines/rejects from WBMDTCL a govt company of West Bengal state, and from Dankuni coal complex a CIL subsidiary through e-auction and from Monnet coal washery through traders. The landed cost per GCV is shown in the table given below.

Coal Source	Monnet	Monnet	Dankuni	WBMDTCL	Monnet
Purchased mode	Local Trader	Local Trader	e-auction	e-auction	Local Trader
Date of receipt	30-11-2014	27-11-2014	12-11-2014	13-10-2014	26-07-2014

Quantity in MT	4061.80	3526.02	3945.23	5530.00	4064.00

There is request from power plant for coal supply of three rakes in the month of April 2015.

Taking request from the plant enquiries were floated for coal with the local traders with us for coal supplies from different sources including Monnet washery coal rejects.

Comparative statement of price quotes is as below.

Among the quotes M/s Anand Carbo Pvt Ltd is lowest one with landed price coming to Rs 1.07/unit GCV.

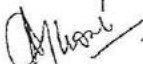

After negotiation with the vendors the following terms are agreed.

- The party is entitled for payment based on the RR quantity.
- Agreed to deliver the mentioned quality of coal, in case of deviation in GCV, price will be proportionately paid.
- IPCL shall arrange for coal quality determination by a reputed third party agency.
- IPCL shall make the payment of Railway freight on actual and arrange for coal handling agent to take responsibility from Railway weighbridge.
- The responsibility of coal transportation is also given to M/s Anand Carbo Pvt Ltd at Rs 209+ taxes.

It is proposed to purchase three rake of coal, i.e., about 12000tons.

Submitted approval of the coal management committee.

Approval Note for Procurement Coal

On 7-4-2015 through an approval note sanction was given for placing purchase order on M/s Anand Carbo Pvt Ltd for 12000tons of coal from Monnet washery. The quality of coal assured was 2800Kcals/Kg on ARB basis and the price accepted was Rs 2335/ton. The party has supplied the said coal as per the Purchase Order.

With these price and quality terms the landed cost of the coal is coming to Rs 1.07/unit GCV.

In the month of April and May so far there was no e-auction of coal from Salanpur or nearby areas by rake mode and hence we could not participate in e-auction which is our preferred mode of procurement to control cost.

Now it is proposed to place a repeat order with same terms and conditions for 5 rakes as we need to keep some coal in stock for rainy season.

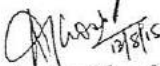

Other terms applicable and accepted by the vender are as follows.

- The party is entitled for payment based on the RR quantity.
- Agreed to deliver the mentioned quality of coal, in case of deviation in GCV, price will be proportionately paid.
- IPCL shall arrange for coal quality determination by a reputed third party agency.
- IPCL shall make the payment of Railway freight (Rs 456+/-10%) on actual and arrange for coal handling agent to take responsibility from Railway weighbridge.
- The responsibility of coal transportation is also given to M/s Anand Carbo Pvt Ltd at Rs 209+ taxes.

It is proposed to purchase five rake of coal, i.e., about 20000tons.

Submitted approval of the coal management committee.
